

METRON 05 CR

Metal detector for installation in
pipe systems

- **Reliable** - in Process and Detection
- **Durable** - in Technology and Performance
- **Conforming** - in Design and Data management

In a few words:

- Digital signal processing for best detection
- Reliable and safe metal detection technology
- Process- and condition monitoring

- Failsafe storage of all system parameters
- Robust construction for maximum lifetime
- Maintenance free, long-term operation

- Size variations for different areas of use
- Password protected user management
- Network connectivity and data management
