

METRON 05 VT

Metal detector in plate design
for installation in vibratory troughs

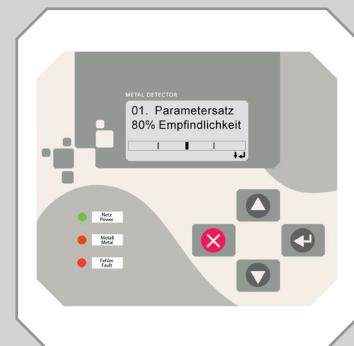

- **Reliable** - in Process and Detection
- **Durable** - in Technology and Performance
- **Easy** - in Installation and Handling

In a few words:

- Digital signal processing for best detection
- Proven for years in rough environments
- Process- and condition monitoring

- Failsafe storage of all system parameters
- Robust construction for maximum lifetime
- Maintenance free, long-term operation

- Size variations for different areas of use
- No additional metal free area
- Perfect fit for wood inspection
