

# METRON 05 ProfiLine

Metal detector in plate design  
for inspection of web&foil

- **Reliable** - in Process and Detection
- **Durable** - in Technology and Performance
- **Easy** - in Installation and Handling

In a few words:

- Digital signal processing for best detection
- Proven for years in rough environments
- Process- and condition monitoring
  
- Failsafe storage of all system parameters
- Robust construction for maximum lifetime
- Maintenance free, long-term operation
  
- Size variations for different areas of use
- Minimum installation space and metal free area
- Installation horizontal or vertical
